

ECOW220C – Ecoware 220 ml Cup

COMPANY

Ecoware is India's first and largest manufacturer of 100% biodegradable and compostable tableware. Ecoware has a portfolio of 25+ SKU to service the food disposables industry. All Ecoware products are USDA bio-based certified. Ecoware has two production facilities in India and is headquartered in New Delhi.

MATERIAL

Ecoware is made from biomass pulp derived from sugarcane waste ("bagasse"). Sugarcane is a native crop of India and is annually renewable.
